

APRIL STUDENTS OF THE MONTH

High School Students of the Month:

Jenna Flory; daughter of Betsy Knoll, Lauren Flory, Kayla Chisholm and James Flory and Rob Motycka:

Jenna's compassionate heart and charitable nature make her an especially outstanding member of our senior class. She is empathetic and this quality shows in all of her interactions. She shows restraint in stressful situations and is often seen looking out for students who might otherwise lack connections. She has a strong work ethic and regularly uplifts people around her. She is someone who we will really miss around LHS!

Jason Barnett; son of Chelsea Barnett and Jason Barnett Sr:

Jason's qualities shine in activities throughout LHS. Whether in the classroom, the weightroom (where he recently earned the physical education student of the year award), Jason is a great example of what we look for in LHS role models. Jason is an especially good example of someone dedicated to self-improvement, and his quick wit makes him fun to be around."

Middle School Students of the Month:

Quincy Bandfield; Son of Ben and Meghan Bandfield

Quincy is an outstanding 5th grader! He is that student that shows remarkable but humble leadership skills with his peers. He is that student that takes initiative for his academic learning and strives to do well! He is that student that is willing to help his peers and teachers whenever needed and do it with a smile and sincerity. Quincy has a uniquely great personality and is well liked by all that encounter him! We cannot think of a better 5th grade student to be chosen for this honor.

Ricardo Francisco; Son of Ricardo Francisco and Josefina Crispin

We are excited to announce Ricardo Francisco as our 6th grade April Student of the month! Ricardo is a respectful, kind and caring young man. He works hard in his classes and strives to do his best. He is a student his teachers can trust to be honest and do the right thing. He steps in to help peers without being asked and his willingness to ask for help with assignments shows how responsible is. He is friendly to everyone and always has a smile on his face! He has a lot of energy and determination that will take him far in life. He has a great sense of humor and brightens up the classrooms when he enters. We truly enjoy having Ricardo in our classes and appreciate his work ethic day in and day out.

**** More on next page ****

Jaquelyn Gantt; Daughter of Tracy O'Connor

The 7th grade team has chosen Jaquelyn Gantt for April Student of the Month. Mr. Karsen says Jackie is respectful, tries hard, is developing a more kind and considerate personality, and is just generally a good human being. Mrs. Gear says Jackie works very hard at math. She is good at asking questions and makes sure she gets her work done. She is also super nice and fun to have in class. Ms. McDaniel says Jackie has a willing attitude and gets to work quickly when given an assignment. She is friendly to teachers and peers and listens well to instruction. If she ever gets a bit off track, she asks for help or listens well when redirected. She is great to have in class! Mrs. Frank says Jackie is a very thoughtful student. When she sees something that needs to be

done, Jackie always asks how she can help. Jackie always has a smile on her face, and a positive attitude!

A.J. Terry; Son of Cody and Angela Terry

Kind, courteous, respectful, disciplined. All these characteristics truly define AJ. He acknowledges staff and students with positive conversations and general human decency. He is organized and focused when it comes to academics. AJ shows extreme desire in his work for improvement, within all his athletics and PE class, yet has a humble spirit and demonstrates composure in heated competition or when faced with challenges. He has also built a great name for himself regarding high character and trust. This has allowed him more freedom to assist peers and work as a mentor in various settings. Low-maintenance, high motivation, and a great example of what a student/athlete/leader should be at LMS, well done AJ.
